

Program Evaluation

Program: Program Financial Specials
 Dates: 10th to 13th April, Nanterre
 Participants: **15 participants and 12 answered**
 Trainer: H. Bissada, E. Mercier

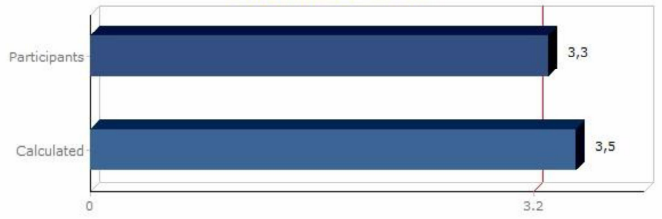

Program Objectives:

The Group's future success depends on a high and sustained level of operational and financial performance. Given the complexity of today's operating environment, the performance of the Group's Programs is critical to our ambition. Together with a deep understanding of the Operational Systems School, the Group has identified Financial Awareness as a critical field of competence for Program Managers and professionals directly involved in ensuring the success of our Programs.
